HERE'S TO GOOD HEALTH

Welcome to the Zimms!

This could potentially be your first time trying real olive oil, so I wanted to share a bit more about the bottle in front of you. This bottle of HEAL is certified organic, single origin, single varietal, cold pressed within 12 hours of harvest and contains 400 mg / kg polyphenols. Polyphenols are like super antioxidants for your body, so enjoy as much as you want!

The health benefits of high quality organic EVOO are profound, and helped me get off medication for Crohn's disease. High quality organic EVOO is linked to numerous health benefits such as: anti-inflammatory properties, balancing gut health and the prevention of diseases like Alzheimers, cancer, high blood pressure, diabetes, and many more. I recommend you do some research of your own though :)

This olive oil is also delicious and will be a fantastic finishing oil for any of the items that chef has put out for you today. If you're looking for a place to start, just pour some EVOO on a small plate and dip some bread in it. Perfection.

Uses - Use as a finishing oil to elevate the flavor of any dish. Also great for dressing, sauces and dips. Take a shot daily from our Sip Glass for gut support and many other health benefits.

- Single Varietal - 100% Arbequina Olives
- Flavor Profile - Bright, grassy, fruit-forward, white pepper, and light bodied mouth feel.
